

Living Plants for Public and Private Spaces

EVERGREEN
TROPICAL INTERIORS, INC.
The Corporate Solution to Interior Landscaping

Interior Plantings. . . Bringing the Outdoors In

Living Plants can enhance the atmosphere and image of both public and private spaces. From corporate lobbies to individual offices, plants bring forth the freshness of outdoors, boosting morale and productivity of employees and visitors alike. We create professional office images and environments using living plants.

The Options are Endless...

Our staff of design professionals can take you from concept to completion. Our experience and knowledge of interior landscape is vital in assisting our clients in the design of attractive plantings. Choosing the right plants is the first step in creating a comfortable atmosphere. Plants that will thrive in your workplace offer a livability that no other office accessory can offer.

On Going Care...

Protecting your investment is our main concern. Once your landscape has been installed, our trained, uniformed technicians will visit regularly to care for each plant. We strive to keep every plant as healthy and attractive as possible.

Our Maintenance and Guaranteed Replacement Program includes a full guarantee on all plants under contract. Your plants will be watered, fertilized, cleaned and trimmed. Any plant that begins to lose its vitality will be promptly replaced at no additional cost to you.

Low Light Plants

50 to 100 footcandles

Cecilia
